(a) Restoration of a license expired one year or more to a person with a current license or occupational therapy employment:

(1) The Board may restore a license to a person whose Texas license has been expired one year or more if the person:

(A) is currently licensed in another state or territory of the U.S. and that license has not been suspended, revoked, cancelled, surrendered or otherwise restricted for any reason; or

(B) if not currently licensed in another state or territory of the U.S., is applying from the U.S. military or a non-licensing state or territory of the U.S. and can substantiate occupational therapy employment for at least two years immediately preceding application for a Texas license.

(A) submit a completed restoration application form as prescribed by the Board, which includes a recent passport-type photo;

(B) submit to the Board a verification of license from each state or territory of the U.S. in which the applicant is currently licensed or previously held a license. This must be an original verification sent directly to the Board by the licensing board in that state or territory. Any disciplinary actions must be reported to the Board. If not currently licensed in another state or territory of the U.S. and applying from the U.S. military or a non-licensing state or territory of the U.S., the person must submit a Verification of Employment form substantiating occupational therapy employment for at least two years immediately preceding application for a Texas license;

(C) pass the online jurisprudence exam; and

(D) pay the restoration fee.

(B) submit copies of the completed continuing education showing 45 hours of continuing education as per Chapter 367 of this title (relating to Continuing Education);

(C) submit to the Board a verification of license from each state or territory of the U.S. in which the applicant is currently licensed or previously held a license. This must be an original verification sent directly to the Board by the licensing board in that state or territory. Any disciplinary actions must be reported to the Board;

(D) pass the online jurisprudence examination; and

(E) pay the restoration fee.

(c) Restoration of a license expired two years or more to a person without a current license or occupational therapy employment:

(1) The Board may restore a license expired two years or more to a person who was licensed in Texas and:

- Restoration requirements must be met within one year of the Board's receipt of the application. Restoration requirements are based on the length of time the license has been expired and whether the individual has a current license or occupational therapy employment as specified in §370.3 at the time of the license's restoration.

- Once the applicant has met the requirements and submitted all the required items, the license will be restored by the Board. The restored license will be issued for a period of time that grants the licensee a license for a period of time of at least two years to expire on the last day of the licensee's birth month.

- If you are a military service member, military veteran, or military spouse who has held a license in Texas, please see §370.3 for information regarding expedited services.

- The requirements for continuing education begin immediately with a restored Texas license. Refer to Chapter 367 of the OT Rules for further information.
